ATLANTA, GA.:

JAS. P. HARRISON CO., PRINTERS.

1889.

IN issuing our new Catalogue to the public, we have been compelled by the increased demand of our customers in this section for fancy cases of the best kinds, to make it very extensive and embrace many styles of cases that are made to order only. We have endeavored to give them such a variety to select from, that their wants can be supplied from our Catalogue. But in case they do not find exactly what they want, we will furnish drawings for any style of case they may describe. Our aim in the future, as it has been in the past, will be to continue to build up our business, by fair dealings and furnishing strictly first-class goods at as low a price as is possible with using good material and employing skilled labor. The rapid increase of our business has made it necessary for us to move to larger quarters and put in machinery, and we are now ready to furnish any kind of cabinet work to order, and save our customers the heavy freight and the great risk of breakage, which is incurred when these goods are shipped from a distance.

The consumer of Show-Cases will find it a great advantage in buying goods manufactured at home, as they save freight and time in getting their goods, and can easily have them repaired when broken, and at much less expense.

We wish to inform our customers, and the public generally, that we are headquarters in the South for special work to order in the Show-Case line, also in wood-work, such as counters, shelving, tables, drug-store and bar fixtures, and mirrors, prescription cases, and, in fact, for all such work that can not be bought ready-made in the market, and has to be made to fit certain space, or room, or for a particular purpose. Our workmen are experienced in such work, and are aided by the best machinery, so that we are enabled to fill orders cheaper, and with much less loss of time to our customers, and give better satisfaction, than any other house.

Besides these goods that we manufacture, we carry a large stock of all kinds of Show-cases and Show-window fixtures and trays, also counter-stools and Barber-chairs of a great variety, which we sell at manufacturers' prices.

Soliciting your patronage, we remain, very respectfully,

ATLANTA SHOW CASE CO.
34 and 36 Decatur Street, Atlanta, Ga.

POINTS TO REMEMBER.

First. That we guarantee satisfaction.

Second. That we use only double thick French glass of the higher grade.

Third. That we use the best of German silver for metal cases and corners.

Fourth. That all of our woods are of the best and thoroughly seasoned.

Fifth. That we use the best of fillers, shellac, varnish and stain.

Sixth. That we employ the best of skilled labor that has had years of experience in this class of work.

Seventh. That we furnish drawings and estimates for any style of case not in catalogue.

Eighth. That to most places freight is lower than from any other factory.

Ninth. That we make a specialty of drug store fixtures, bar fixtures and all kinds of interior finishing.

Tenth. That we contract for pier glasses and mirrors.

Eleventh. That we are the only house in the South that carry a line of store fixtures, show window fixtures, show case fixtures and trays, store stools and barber chairs.

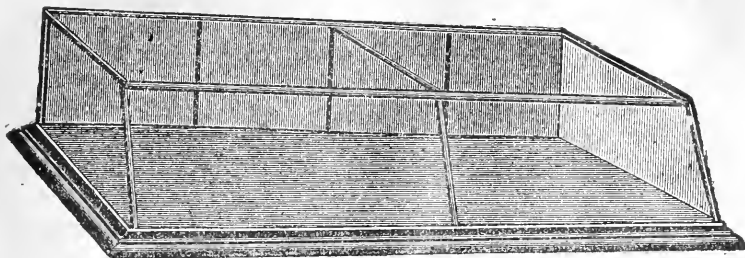

Twelfth. That we sell these goods at the lowest manufacturers' prices and you save freight.

Thirteenth. That we furnish drawings and estimates for any kind of store fixtures free of charge.

Fourteenth. That we manufacture cedar chests at lowest prices.

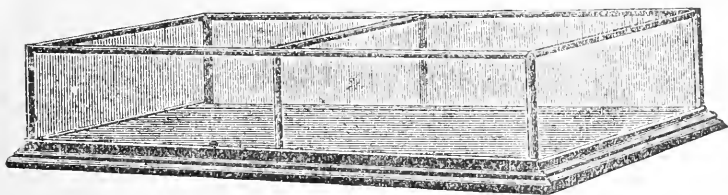

Fifteenth. That we do all kinds of cabinet work, and furnish drawings free of charge.

In Oak, Walnut or Cherry. Write for Specifications and Prices.

Remember the saving in freight and that we guarantee satisfaction.

NOTICE.

We use double-thick French glass of the best grades in all our cases, thoroughly seasoned woods, and the best of German silver for corners and metal cases, and employ thoroughly experienced workmen. Our wood cases are finished in Walnut, Cherry, natural, mahoganized or ebonized; in Oak, natural or antique, and Birds-eye Maple, at the option of our customers.

SHIPPING DIRECTIONS.

We generally ship all goods by freight, released at purchaser's risk; and, if desired, to be shipped otherwise. Shipping directions should accompany the order. We are not responsible for any damage or breakage of goods after getting railroad receipt for goods delivered in good order, but we will assume the risk of breakage for 5 per cent. of their cost, when especially ordered to insure at the time of purchase. Single lights of glass, small packages, are shipped by express.

TO TAKE SHOW CASES OUT OF BOXES.

The case should stand on back side (*door side*), the way it is forwarded; take bottom boards off, and slide case out. If unpacked in this way, no glass can get broken, because it is not exposed until out of box.

TO KEEP CASES CLEAN.

Have them cleaned every morning with whiting and water, using an old rag. If cleaning is neglected, and the frame is tarnished, clean with POMATUM, the best thing to clean show-cases. Also try it on your other show-cases, and if they are of our make they will become as bright as new.

REPLACING BROKEN GLASS.

If you cannot get the glass that is wanted, send us the size required, or state whether and when you received the case from us, and whether top, front or end glass is wanted, and we will send it at lowest price. When you have the glass, lay the case on its face and unscrew the bottom; then fasten the glass, like window glass, with points and putty.

TERMS ARE CASH.

And in ordering goods, good reference, or a deposit, should accompany order if we do not know the purchaser.
